At Fusion 128, we like to put our own spin on our dishes and incorporate Eastern methods into Western classics and vice versa. Although there are times, when we know that some dishes are best, left just the way they are. These dishes, just like all on our menu, are given that extra bit of love when we cook them.

We believe in using the freshest ingredients. We will never use inferior products and we're against the use of MSG (E621).

We take hygiene seriously at Fusion 128. Particularly now, more than ever, in these uncertain times for not just us in the hospitality sector but the impact it is having on our Australian life.

We ask that if you feel unwell, please stay at home. Practice good hygiene and let's work together to get through this as best as possible.

We're happy to hear your suggestions and or feedback to help us improve the service of our new business model. Even if you just want to tell us you've enjoyed our food. Please email:
